Saturday at 6.00pm  
Sunday at 10.30am

To the Community of St Joseph's,

What a busy start to Term Four. This term, we warmly welcome Kye Roberts to the Wellbeing Team. Kye comes to us with a Bachelor of Psychological Science, majoring in Child and Family Studies. Tam and Kye are available to support you and your child with anything in the Wellbeing space.

**WORLD TEACHERS DAY 2023: FRIDAY 27<sup>TH</sup> OCTOBER** ~ Our teachers inspire, empower and shape the future of our students. Let's take a moment to show our appreciation for our wonderful teachers for their tireless efforts, support and positive impact they make every day. Whether it is a kind gesture or simple message of gratitude your kindness means the world to them.

*Thank you teachers for making the world a better place.*

*Giver of all wisdom and greatest of all teachers,  
look upon our teachers with love.  
Grant them the resolve to nurture our eager minds  
and to never give up on us who fall behind.  
Bless their hearts for they rejoice when we succeed and encourage us when we fail.  
Bless them with gentle patience for the path of learning is never easy.  
Kindle a spirit and passion in them,  
it is the flame that ignites the love of learning in us  
Help them see the potential in each student as their belief in us means much.  
Instill in them a commitment to keep on learning  
as it shows us to not fear new knowledge.  
Inspire them to touch the future  
as they influence how big we dream for ourselves.  
Bless our teachers who have come before for their work endures to this day.  
Let the light of your example shine upon all teachers  
to build up with their words, to love with their mind and to share with their heart.  
Amen.*

**2024 TRANSITION PROGRAM** ~ On Wednesday, we welcomed our 2024 Foundation students to school. It was an exciting day for them as they spent time completing activities and getting to know their way around the school. Some bounced through the door, while others took a little while to adjust to their new environment. These are very valuable days, giving our new enrolments the time they need to transition positively into school and be ready when the big day finally comes around.

**FAMILY FEE STATEMENT** ~ Payment of fees is to be finalised by the 30<sup>th</sup> October 2023 (except those on direct debit, Centrepay or other arrangement). If you have any concerns about your fees, please make a time to see me.

May God bless you and hold you in His loving care,

*Sarah Iddles*

# SERVICE

Our Mercy Value and Sr Austin award focus this week is **SERVICE**. Sr Mary Austin was a Sister of Mercy and a very special person to the school community here at St Joseph's. She gave service to many people in need - visiting them, baking for them and praying for them.

*We can be just like Sr Austin and show service too.*

Some ways we can show **SERVICE** here at St Joseph's are:

- using helping hands, caring actions and kind words
- taking care of our environment (our common home)
- offering to do jobs for others
- being a good friend
- helping those in need when they need it most

What are some other ways you think you can show service this week?

Let's all try and show service to others today.

Thank you for encouraging your child to come to school organised each day with all they needed to participate. As always, we greatly appreciate your time and support.

## ST JOEY'S LOVE LITERACY

### **How does vocabulary contribute to reading success?**

When children have a large 'spoken' vocabulary, meaning they use and understand lots of different words, they are well placed to recognise and understand those words when they see them when reading.

Oral language development plays a crucial role in a child's journey towards proficient reading and writing. It is the foundation upon which literacy skills are built.

### **What can you do at home to support your child's learning in oral language development?**

- Become 'word aware' as you read aloud. One of the best places for children to hear new words used meaningfully is in great children's literature. Comment on words you know are new to your child. What do they sound like, what could they mean, what do they remind you of?
- Get your children to become 'word detectives' when out and about. Notice new and interesting words on street signs, at the zoo or museum, on menus or on pamphlets.
- Use a wide vocabulary when speaking to your child. Encourage children to ask the meanings of unfamiliar words and to use new words in their own spoken communication.

## COBRAM AGRICULTURAL SHOW

If you are attending the Show this weekend, be sure to visit the Art/Craft Pavilion, to have a look at the amazing exhibits students have created throughout the year. The students have also written some awesome stories and poems, which will be displayed in the Writing Section. They get a buzz out of seeing their work on display; giving them a moment to shine and share their efforts with you.

Thank you to the teachers for their efforts in encouraging and providing the students with the opportunity to enter their work. We also thank the volunteers, who spend countless hours pre-show organising and displaying the exhibits. Thank you everyone and enjoy.
