

MEET OUR...

SCHOOL ADVISORY COUNCIL

Angelo Siciliano

I have been a part of advisory council for 4 years

I am a father of four with all of my children attending St. Joseph's currently in Grades 6, 3, 2 and 1. I myself also attended St. Joseph's. The reason I joined is because I have a vested interest in the school as my children attend and I wanted to be a part of the growth of St. Joseph's.

Gemma Tilley

Live on small acreage local to Cobram with my husband and two girls. I am a Primary Teacher currently teaching Visual Arts. I love camping and exploring. I joined the Advisory Council as I am a big believer in supporting the school community to ensure they have the tools needed to provide our children with amazing learning opportunities.

**Mary-Kate
McCormick**

My name is Mary-Kate McCormick and we moved to the area from northern NSW 2 years ago. We have 3 children at St Joseph's. The reason I joined the School Advisory Council is that I wanted to help with the school moving forward into the future. I also like to give back to the school when I can and I felt this was a good way to do this.

Dean Harris

My name is Dean Harris. My 2 children Jacoba grade 6 and William grade 4 attend St. Joseph's. I have lived in Cobram for 23 years, and am originally from Geelong. I was approached to join the Advisory Council by another father who is a member. My main purpose is to try to assist in a broader range of thinking to assist in an already organised council.

My name is Virginia Hughes. I'm a mother to three children, two of which attend St. Joseph's. I've been a primary school teacher for twelve years in Numurkah and am keen to help out where I can within our school community here at St. Joseph's. I enjoy keeping active and spending quality time with family and friends and living on the Mighty Murray.

Virginia Hughes

My name is Rosie Santoro. I was born and raised in Cobram and also attended St Joseph's. I have 2 children currently at St Joseph's and look forward to contributing to the school and its future. I love exploring and adventure, spending time with friends and family and creating everlasting memories

Rosie Santoro

Kaleena Pont

After living in Geelong for 20 years, I moved back to the country to start our family. I am a mum of two with our eldest attending St Joseph's and our youngest busting to start next year. I worked at St Joseph's for three years before moving into the Child Protection space. I have a background as a Primary School teacher and wellbeing officer with a degrees in teaching and psychology. I chose St Joseph's for our children due to the connection to faith, community and being such a positive learning environment. I loved working here and love watching our daughter go from strength from strength due to the compassion and commitment of the teachers in this school. I joined the Advisory Council so I can give back and support in anyway I can. I would also like to help the school moving forward obtain more tools and resources needed to provide our children with learning opportunities and growth and support a holistic view in thinking to support the school to continue to grow in a positive way.

Samantha Mitchell

I have lived in Cobram for the majority of my life, and attended St Joseph's throughout primary school. My daughter Jessica is currently in Grade 4. I have a background in Health. I enjoy supporting the school community wherever possible, including being Co-Secretary of the Fete committee currently, and wish to continue to contribute to the growth of the school now & into the future.
